SPACE

FRESH AIR

In 2020, COVID-19 was the third leading cause of death in the U.S.*

PROVISIONAL 2020 DEATHS

* Provisional National Vital Statistics System (NVSS) death certificate data on underlying causes of death among U.S. residents in the United States during January-December 2020

mRNA COVID-19 vaccines are highly effective in preventing infections in real-world conditions

Nearly 4,000* health care personnel, first responders, and essential workers were tested weekly for the virus that causes COVID-19

Those who were fully vaccinated[†] were **90% less likely** to get infected

* Effectiveness of Pfizer-BioNTech and Moderna mRNA vaccines among 3,950 study participants in eight U.S. locations from December 14, 2020, to March 13, 2021. Participants self-collected specimens weekly regardless of symptoms and collected additional specimens if they became sick.
[†] Fully vaccinated = 2 weeks after 2nd dose

COVID-19 Vaccine

Oregon's Vaccination Trends: Doses administered by day and manufacturer

This chart shows the total number of COVID-19 vaccine doses that have been reported to Oregon's ALERT IIS by day and manufacturer.

*Doses administered during this time may not yet be reported.

**The number of doses administered and people vaccinated may not match. Please see below for more detail.

1,017,665	Pfizer doses
929,630	Moderna doses
50,004	Johnson & Johnson
1,130	Unspecified
<hr/>	
1,998,429	Total Doses Administered
**People Vaccinated	
497,299	Series In Progress
771,752	Fully Vaccinated
<hr/>	
1,269,051	Total People

Doses administered during the most recent three days may not yet be included in the graph above. Interactive graph available from Oregon Health Authority [here](#).

COVID-19 Vaccination Data – 3/30

Vaccination Rates per 10,000 population, by county of residence*

People vaccinated per 10,000: lighter colors represent counties with lower vaccination rates, while darker colors represent counties with higher vaccination rates.

Deschutes County COVID-19 Vaccination Data as of 3/30/21

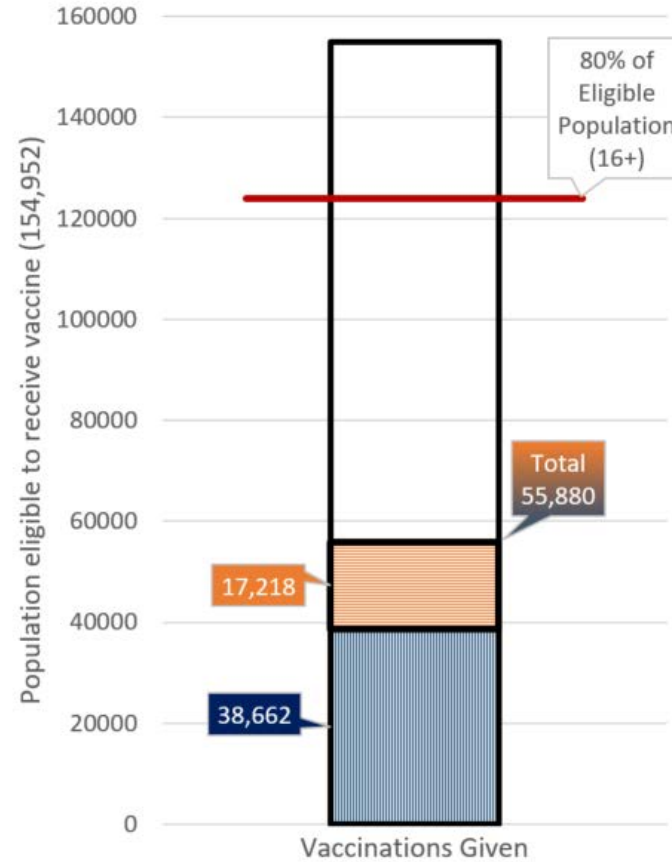

# people with vaccination series in progress	17,218
# people fully vaccinated	38,662
# people with vaccination series in progress or fully vaccinated per 10,000 population	2,895.3

*Includes people with vaccination series in progress or fully vaccinated

Data as of 3/30/21

Estimated Proportion of County Population Vaccinated as of March 29

- Unvaccinated
- Vaccination Series in Progress
- Fully Vaccinated

Data Source: Oregon Health Authority, 03/29/2021

Everyone in Phase 1A, Groups 1,2,3 and 4 is eligible for the vaccine.

Group 1

- Hospital staff with patient care responsibilities
- Urgent care
- Skilled nursing and memory care facility healthcare personnel (HCP) and residents
- Tribal health programs
- Emergency medical services (EMS) providers and other first responders
- All health care interpreters and traditional health workers in any setting within Phase 1a

Group 2

- Other long-term care facilities, including all paid and unpaid HCP, all staff and contractors, including residents who meet the age requirements of:
 - » Residential care facilities
 - » Adult foster care
 - » Group homes for people with intellectual and developmental disabilities
 - » Other similar congregate care sites
- Hospice programs
- Mobile crisis care and related services

- Individuals working in a correctional setting
- Adults and youth in custody 16 years and older

Group 3

- HCPs in outpatient settings serving specific high-risk groups
- Day treatment services
- Non-emergency medical transport (NEMT)
- Paid or unpaid caregivers (including parents or foster parents) of medically fragile children or adults who live at home
- Adults and age-eligible children who have a medical condition or disability who receive services in their homes

Group 4

- All other outpatient HCPs
- Other HCP who provide direct service to people with I/DD and other high-risk populations.
- Other public health settings, such as HCP serving WIC, or CBO's with direct or indirect exposures

People eligible:

400,000 approximately

Groups 1–5

- Childcare providers, early learning and K–12 educators and staff
- People 65 and older

Group 6

Eligible no later than March 29, 2021

- Adults 45–64 with one or more underlying health conditions with increased risk*
- Migrant and seasonal farm workers
- Seafood and agricultural workers
- Food processing workers
- People living in low-income senior housing, senior congregate and independent living
- Individuals experiencing houselessness (sheltered and unsheltered)
- People currently displaced by wildfires
