Subject: Curbside recycling in Sunriver/three rivers area

My wife and I are currently part time residents of River Meadows, in the Three Rivers area. We are strongly in support of adding curbside pickup of recycling on a bi-weekly basis. When our friends from Portland ask where the recycling goes, and we tell them we don't have that here they look at us like we are from a third world country. It's amazing how the advent of curbside pickup of recyclables, over a few years period, changes people to think it's a crime to toss a wine bottle in the trash. It's not just a convenience, it changes how people think about the waste stream over a few years. Thanks for working on this project.
