Chad - I cannot attend the meeting on Monday. I'm sure most work at 1pm. Side note.. most public agencies hold open house or public meetings when the majority of folks can attend.

I would support the change if NOT a mandatory fee, otherwise I'll cancel my service all together. I grew up hauling our garbage to the dump every few months, composting, recycling and using a burning barrel. I can do it again.

I do NOT support an unrepresentative fee for services I don't need! We as people are smart enough to figure out how to compost and drop off glass at the recycling center.

Best,
Jenn - DRW resident
