I live off Vandeventer Road just south of Sunriver and I would encourage the Deschutes County Board of County Commissioners to approve the proposal from Republic Services to add every-other-week curbside recycling services throughout Deschutes County for \$6/month. This is a very important service that has not been available to us in South County. I am 71 years old and it is becoming more difficult to travel into Bend to drop off recycling at the landfill. Thank you for considering this request.
