Dear Mr. Brownell and To Whom it May Concern, In regards to the proposed Republic Services residential recyclables collection expansion.

My family lives in a rural neighborhood NW of La Pine and we fully support this proposal. This issue comes up at neighborhood gatherings and HOA meetings and would be a boon to those of us who do recycle and those who want to recycle but are unable. Currently we (and our neighbors) collect weeks worth of recycling and drive it to a substation. Our elderly and/or disabled neighbors and those without access to a larger vehicle simply cannot recycle, and some have no room to store it. If, indeed, our leaders and government support recycling in our county this service is a win.

In short, we fully support this service.

Thank you,  
Catherine and Dr Erich Lieberknecht
