Hello,

I won't be able to attend the meeting because I have to work. I tried to submit via the public comment section but it didn't have a link.

I just wanted to throw in my 2 cents. We've been out in the three rivers area for 25 years and have been trying to get recycling out here for years. I am so excited that this is finally a possibility. They said it was going to happen last year, and then we got an email that said they weren't able to provide the service, so I really hope this is finally going to happen. If there is a list, please put me on it!
