Hi Tim,

I wanted to give some input into the Republic Service Recycling expansion. I didn't see a link to comment only to view so I thought I would shoot you my comments to you. I can't express enough how these small things help the residents on the outlying community. My wife Shannon and I built in Three rivers two years ago and recycling at that point was available in Sunriver. Since that Program has expired, I spend a fair amount of time sorting and hauling my recycling to Bend ( Not Fun ) or efficient. I think these programs are of great help to many community members and I would be happy to pay more than 6\$ for service every other week. I would be very appreciative of the time savings and assistance. I know these add time and Money to your Budget, but I would be a very strong advocate and would be willing to pay for the service.

Thanks for your time
