Tim,

I appreciate the opportunity to comment on the proposed recycling program for Southern Deschutes Co. I am a resident of Oregon Water Wonderland II. We have close to 1049 homes in our development and I truly feel this recycling program will greatly benefit the community.

I struggled when they closed the corrugated recycling center in Sunriver. I am very happy this is being proposed. I know for a fact that I will be able to reduce the size of my current waste receptacle and in turn most likely pay for the new mixed recycling container. I think this is better for the environment and keeps recyclables out of the landfill(s).

I am a strong proponent of this initiative and look forward to its launch in July!

Best Regards,
Kris Kanyo
