Dear Mr. Brownell,

I am reaching out to you regarding the recycling service expansion program as a concerned republic service customer.

I am opposed to mandatory recycling services. I do not need this service and don't believe anyone should be forced to pay for a service they don't need or want. If we will not be using this service why should we be forced to pay for it.

This service should be provided to residents on a voluntary basis. Not all residents would benefit from this program.

Best Regards,  
Patricia Batt
